

Balmoral Show 2026 Carer's Pass Admission Policy

The Balmoral Show's process regarding carers admissions is in line with that used by other large-scale events and/or venues in the region and mainland UK.

The process aims to be as inclusive as possible. The Society is very aware that not all disabilities are visible and seeks to be as equitable as possible.

The benefits of this process include:

- Carers may gain free entry to the Balmoral Show when accompanying a paying visitor who cannot attend independently.
- Visitors who require support and their confirmed carers can proceed directly to the entrance and into the Show.

Process for Obtaining a Complimentary Carer's Pass

1. The individual who requires a carer should purchase a ticket for themselves online by visiting www.balmoralshow.co.uk in advance of attending the Show.

2. On the day of attendance, the individual and carer will make their way to the Members' Entrance in the foyer of the Eikon Exhibition Centre or the Members' Entrance at the main public entrance (adjacent to the public car park).

3. The individual requiring a carer or the carer will be asked to present supporting documentation in the form of one of the following:

- Front page of DLA/PIP letter
- Front page of Attendance Allowance letter
- Middle or Higher rate DLA for care and/or mobility
- Front page of War Disablement Pension
- Evidence of being registered severely sight impaired (blind)
- NHS/Nursing Home badge

4. A complimentary Carer's Pass will be issued on the successful presentation of the supporting documentation.

Further Accessibility Visitor Information

For further information on hiring mobility scooters at the event, sensory guidance and facilities please visit the Accessibility area of the Balmoral Show website (www.balmoralshow.co.uk/visitors/accessibility).
