Have you remembered your Carrier Bag?

In Northern Ireland all Carrier Bags cost at least 25 pence.

This includes bags made from plastic, paper and natural materials such as starch.

Retailers are required to charge a 25 pence levy which is payable to Department of Agriculture, Environment and Rural Affairs.

Bring your own bag and help to make NI a cleaner, greener place to live, work and do business.

Find out more about the carrier bag levy at www.nidirect.gov.uk/baglevy or call 028 7744 2056.
