

Help Balmoral Tackle Plastic Pollution

As part of our Action Plan to eliminate single use plastic at our venue, we are asking all Caterers and Exhibitors NOT to use or sell the following:

- Plastic carrier bags
- Plastic bottled soft drinks
- Plastic cutlery & stirrers
- Plastic or polystyrene food containers
- Plastic lollipop sticks
- Plastic packaging & wrappers
- Plastic straws
- Plastic or polystyrene take away cups
- Plastic giveaways (pens, keyrings etc...)

Please use paper or cardboard packaging/bags & wrapping, wooden cutlery and compostable takeaway cups as an alternative.

One of the most common single-use plastics are plastic bottles, caterers and traders are NOT permitted to sell soft drinks in plastic bottles and are asked to sell canned soft drinks only (with the exception of bottled water).

With these measures in place, Balmoral Show can further reduce the amount of plastic waste produced at the Show.

NO BOTTLED SOFT DRINKS

BOTTLED WATER OR CANS OF SOFT DRINKS ONLY
